

Cool Blue 200 Series

Professional Cold Laminators

Simple operation. High quality results. Affordably priced.

The Cool Blue 200 Series laminators are the affordable alternative to time-consuming hand finishing with rollers and squeegees. They will shorten production time, increase profitability and produce consistently professional results by delivering essential features found on systems costing thousands more. Overlamine prints with cold films. Apply all types of pre-mask tapes and adhesives. Mount prints on boards to 1" at production speeds. Now even the smallest shops can compete for bigger jobs with confidence.
